CHAPTER 15. PENSIONS AND RETIREMENTS

ARTICLE IV. NORTH MIAMI POLICE PENSION PLAN

DIVISION 5. BENEFITS

Section 4-402. Death benefits.

(a) *Service-connected death.* Upon the service-connected death of a member there shall be paid to such deceased member's surviving spouse, if any, for life, an amount equal to fifty (50) percent of the final compensation paid to the member as determined from the average monthly wages paid to the deceased member during the twelve (12) months immediately preceding death. If there is no surviving spouse, this benefit shall be paid to the surviving minor children of the member during their minority or for a period of fifteen (15) years, whichever is greater. Absent a surviving spouse and surviving minor children, this benefit shall be paid to a beneficiary, designated by the member, for the beneficiary's life or a period of fifteen (15) years, whichever is less. This benefit shall be paid monthly commencing on the first day of the month following the death of the member. In addition to the foregoing benefit, there shall also be paid monthly to each surviving child of the deceased member under the age of eighteen (18) during that child's minority ten (10) percent of the final compensation paid to the deceased member. The total death benefit to be paid shall not, in any event, exceed one hundred (100) percent of the member's final compensation. A service-connected death is a death incurred while an employee is performing, directly or indirectly, services for the city. Death benefits paid to a surviving spouse shall not be effected by remarriage, provided the city continues to receive excise tax monies as provided in F.S. § 185.08. Notwithstanding the provisions described above in this subsection (a), in the event of the service-connected death of a member who is eligible for normal retirement, the benefit payable may not be less than the member's accrued pension benefit, and such benefit may not be payable for less than ten (10) years. An annual, compounded cost-of-living adjustment ("COLA") of three (3) percent shall be paid to any beneficiary receiving a service-connected death benefit pursuant to this sub-section.
